Cordless Ambient Lighting

2020

Designed for Ambience. Engineered for Intelligence.

Voltra bring together experts in design, engineering, production and hospitality to create technically advanced cordless lighting that enhances your atmosphere.

Our lamps are designed to be iconic yet unobtrusive, complementing spaces and never interrupting them.

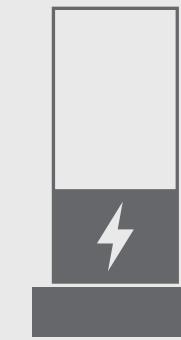

Our vision is to create a sense of intimacy married with a seamless user experience – ensuring our lights are beautiful both in form and function.

At the heart of each Voltra lamp is an advanced cordless engine that provides power, light modes and the freedom to change lumières.

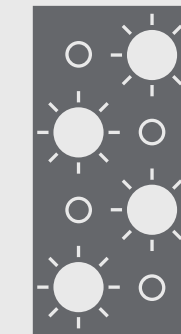

**Our superior charging system
incorporates patent-pending,
proprietary technologies.**

Power up the engine whilst keeping the
housing in place.

Control light levels on multiple lamps
using the eight-lamp charging bay.

Charge up to 48 lights at the same time
using the power trolley.

**Voltra lamps are IP65 rated,
protecting them from both
water and dust damage.**

3

**All of our products come with
a three-year warranty that is
backed up with exceptional
customer support.**

**Global fulfilment capability
means we can deliver lamps
to over 100 countries.**
